

## SCWIST Historical Data Annotator II (video)

### SCWIST Volunteer Opportunity

Are you interested in SCWIST's history? Do you want to know the stories and events that brought SCWIST to today - and crossed paths with you? Are you a curious person? Here is your chance to indulge your passion for history, interesting people and seeing how SCWIST has brought about change for women in STEM.

#### Opportunity

SCWIST is seeking a resourceful and proactive volunteer, "SCWIST Historical Data Annotator II" to join our team. If you are great at organizing content, good in communication and teamwork, and are interested in making a difference in the world while you are improving your skills, we have a place for you in our 40th Anniversary team. We are looking for 6 volunteers for this role. The volunteers will report to Vladimírka Pereula, SCWIST 40th Anniversary Lead.

#### Responsibilities

SCWIST history book committee is looking for 6 Data Annotators. It is a role that will go over the SCWIST history that is in the form of videos and will organize the data in a chronological order. It requires manual data entry and data sorting. They will watch about 18 h of video. So, each volunteer would likely be asked to watch about 3 hours each - watch and make notes; add their notes to a shared google doc to form a timeline of information.

For example: If Elana Brief states something about her years as president - notes go into her years; if she talks about what had gone on in the past, add the notes to those years.... we have to fill the timeline and the info will be over-lapping. This would be a great way for them to see past SCWISTies in action! The individuals in the movies are not in chronological order - which is why we need to figure out how to line them up - eventually. Also - the watchers would be asked to keep an eye out for "quotable quotes".

#### Term, Location

We anticipate this role to be **about 20 hrs**, that would need to be completed over 3-months. Given the training and onboarding time, we ask for finishing the annotation by the timeline set by the SCWIST 40th Anniversary team. However, the volunteers will have the opportunity to work on other related and unrelated projects after the completion of this project.

This volunteer opportunity can be done **remotely**.

## How to Apply

Include your **cover letter and resume** in your application with “Fundraising Committee Associate” in the subject line of your email to [resourcecentre@scwist.ca](mailto:resourcecentre@scwist.ca).

We encourage candidates of all backgrounds and diversity to apply including those with lived experience or otherwise don't have the exact skills and qualifications noted above. Thank you for your interest in this opportunity to remove barriers for women and girls in STEM.
